

DD ArtPix

DD ArtPix is a picture gallery of images related to papers published recently in *Developmental Dynamics*. Most were considered for cover photos, but only one cover photo can be chosen each month. Our authors produce not only excellent science but also excellent art. DD ArtPix provides a sampling of this art for our readers' viewing pleasure. To emphasize their artistic value, images are sometimes manipulated in Photoshop.

Images were provided courtesy of authors from the following articles: Dev. Dyn. 241:583–594 (top) and 365–375 (bottom).
