

## Coming Meetings

- October 4–6, 1984, Würzburg, Federal Republic of Germany. Neurosurgical Symposium, celebrating 50 years of Neurosurgery at the Würzburg University Clinics. Informations: Prof. Dr. K. A. Bushe, Neurochirurgische Univ.-Klinik, Josef-Schneider-Straße 11, D-8700 Würzburg, Federal Republic of Germany.
- October 8–10, 1984, Erlangen, Federal Republic of Germany. Second International Spinal Cord Monitoring Symposium. Informations: Prof. Dr. J. Schramm, Neurochirurgische Universitätsklinik, Schwabachanlage 6, D-8520 Erlangen, Federal Republic of Germany.
- October 10–13, 1984, Vienna, Austria. 1984 Scientific Meeting of the European Society for Paediatric Neurosurgery. Main topic: Space occupying lesions of the midline; also free communications and breakfast seminars on Anatomy of the Midline, Neuropathology of the Midline and Operative Approaches to the Midline. Informations: Prof. Dr. W. Th. Koos, Neurochirurgische Universitätsklinik, Alser Straße 4, A-1010 Wien, Austria.
- October 14–17, 1984, Phoenix, Arizona, U.S.A. Seventh International Symposium on Microsurgical Anastomoses for Cerebral Ischemia. For informations: Robert F. Spetzler, M. D., Barrow Neurological Institute, St. Joseph's Hospital and Medical Center, 350 W. Thomas Road, Phoenix, Arizona, U.S.A.
- October 17–19, 1984, Geneva, Switzerland. 2nd Congress of the European Society of Surgical Oncology. For information: ORGEXPO, P.O. Box 112, CH-1218 Grand-Saconnex-Genève, Switzerland.
- October 17–20, 1984, Homestead, Hot Springs, Virginia, U.S.A. American Academy of Neurological Surgery.
- October 18–20, 1984, Hamburg, Federal Republic of Germany. 22nd Congress of the Deutsche Gesellschaft für plastische und Wiederherstellungschirurgie (German Society for Plastic and Reconstructive Surgery). Main topic: Importance of aesthetics of form and function in plastic and reconstructive surgery of anomalies, diseases and injuries. Informations: Prof. Dr. Dr. G. Pfeifer, Martinistraße 52, D-2000 Hamburg 20, Federal Republic of Germany.
- October 19–21, 1984, Child's Health Centre, Warsaw, Poland. Anniversary Congress of the Polish Society of Neurosurgeons. Main topic: Meningiomas. Also free topics. Deadline for inscription and abstracts April 15, 1984. For information: Dr. Wojciech Boratyński, Memorial Hospital Child's Health Centre, Department of Paediatric Neurosurgery, Al. Dzieci Polskich 20, 04-736 Warsaw, Poland.
- October 24–26, 1984, London, Great Britain. Second International Symposium on Biology of Brain Tumours of the Royal Zoological Society. For informations:

D. G. T. Thomas, Dept. of Neurosurgery, Maida Vale Hospital, London W9 1TL, Great Britain, or M. D. Walker, National Institute of Neurological and Communicative Disorders and Stroke, Federal Building, Room 8A08, Bethesda, MD 20205, U.S.A.

October 25–27, 1984, Erlangen, Federal Republic of Germany. Third Symposium on Progress in Neuroorthopaedics. Main topics: Diseases of the thoracic spine with involvement of the nervous system; nerve compression syndromes; actual neuroorthopaedics. Informations: Prof. Dr. D. Hohmann, Waldkrankenhaus, Rathsberger Straße 57, D-8520 Erlangen, Federal Republic of Germany.

November 4–6, 1984, Montevideo, Uruguay. International Conference on Recent Advances in Neurotraumatology. For informations: Dr. P. Benedek, Hospital de Clinicas, Rambla Rep. del Perú 1043, Montevideo, Uruguay.

November 11–15, 1984, Caracas, Venezuela. XXI Congreso Latinoamericano de Neurocirurgia and Congreso Venezolano de Neurocirurgia. Main topics: Sellar and parasellar tumours, surgical treatment of spinal cord lesions, surgery of cerebro-vascular diseases (with exception of aneurysms and arterio-venous malformations). Informations: XXI Congreso Latinoamericano de la FLANC, Apartado de Correos 17422, Caracas 1015 A, Venezuela.

November 21–24, 1984, Bad Nauheim, Federal Republic of Germany. Third postgraduate education's course of the Deutsche Gesellschaft für Neurochirurgie (German Society for Neurosurgery). Topic: The vertebral column. For informations: Prof. Dr. H. W. Pia, Neurochirurgische Universitätsklinik, Klinikstraße 29, D-6300 Gießen, Federal Republic of Germany.

November 26–29, 1984, Vienna, Austria. 6th International Symposium on Prevention and Detection of Cancer. Inquiries by mail: Prevention and Detection of Cancer, Amex POB 790459, Dallas, TX 75279, U.S.A.

February 21–23, 1985, New Orleans Marriott, New Orleans, Louisiana, U.S.A. Tenth International Joint Conference on Stroke and Cerebral Circulation. For information: The Administrative Assistant for Scientific Sessions, American Heart Association, 7320 Greenville Avenue, Dallas, TX 75231, U.S.A.

February 21–24, 1985, Marseille, France. EANS Workshop and Symposium. Topics: Intraventricular space occupying lesions and nuclear magnetic resonance. There will also be a discussion under the general title of Society's Needs for Neurosurgery. Informations: Dr. R. Vigouroux, Clinique Neurochirurgicale, C.H.U. Timone, 264, rue Saint Pierre, F-13385 Marseille, Cédex 4, France.

May 12–15, 1985, Berlin. 36th Annual Meeting of the Deutsche Gesellschaft für Neurochirurgie. Topics: Spinal tumours; experimental neurosurgery. Informations: Prof. Dr. H. Wenker, Neurochirurgische Abteilung im Städt. Krankenhaus Neukölln, Rudower Str. 56, D-1000 Berlin 47.

June 9–13, 1985, Glasgow, Scotland. Sixth International Symposium on Intracranial Pressure "ICP and Mechanisms of Brain Damage". Informations: G. M. Teasdale, M.D., Institute of Neurological Sciences, Southern General Hospital, Glasgow G51 4TF, Scotland.

- July 4–7, 1985, Toronto, Canada. IXth Meeting of the World Society for Stereotactic and Functional Neurosurgery. For informations: Dr. R. R. Tasker, EN 7-221, Toronto General Hospital, 101 College Street, Toronto, Ontario M5G 1L7, Canada.
- July 7–13, 1985, Toronto, Canada. 8th International Congress of Neurological Surgery "The State of the Art". Free communications—Topics: 1. Management of chronic non-malignant pain (DREZ/psychosurgery/stimulators/implants). 2. Spinal cord injuries—current state of aggressive medical and surgical treatment. 3. Management of AVMS. 4. New technology in the O.R.—personal experience and thoughts (e.g. Cavitron, Laser, new clips). 5. Cerebral ischemia—medical and surgical treatment. 6. Management of head injuries. 7. Management of vasospasm. 8. Management of neurovascular compression syndromes. 9. Current research in malignant glioma treatment. 10. Management of pineal tumours. 11. Spinal manipulation. 12. Tumours of the skull base. 13. Operative exposure of brachial plexus and peripheral nerves. Luncheon Seminar Topics: 1. Surgical versus medical treatment for pituitary adenomas. 2. Spinal cord injuries—use of aggressive surgical treatment. 3. Management of syringomyelia. 4. Management of malignant glioma. 5. Management of low-grade astrocytoma. 6. Surgery for epilepsy. 7. Posterior circulation ischemia. 8. Anterior circulation ischemia. 9. Management of c.c. fistulas. 10. Management of acoustic tumours. 11. Technical aspects of carotid endarterectomy—the place of the shunt, patch and EEG. 12. Benign intracranial hypertension. 13. Management of orbital tumours. 14. Management of spasticity. 15. Management of posterior fossa tumours in children. 16. Management of spinal cord tumours in children. 17. Management of neurosurgical complications of TB. 18. Neurologic aspects of cerebral ischemia. 19. Craniocerebral injuries. 20. Brain Death. 21. Ethical and Moral Considerations in Neurosurgery. Deadline for abstract submission: September 1, 1984. Informations: Alan R. Hudson, M.D., Congress President, Division of Neurosurgery, 38 Shuter Street, Toronto, Ontario M5B 1A6, Canada.
- September 1–6, 1985, Hamburg, Federal Republic of Germany. XIIIth World Congress of Neurology. Informations: Congress Manager's Office, Letzter Hasenpfad 61, D-6000 Frankfurt 70, Federal Republic of Germany.
- September 4, 1985, Hamburg, Federal Republic of Germany. XIIth International Symposium of the Fulton Society on "Brain Mechanismus of Emotions", along with the XIIIth World Congress of Neurology. Informations: Prof. Dr. Victor Soriano, Calle Buenos Aires 363, Montevideo, Uruguay.
- October 13–18, 1985, Jerusalem, Israel. 6th Congress of the International Society for Laser Surgery and Medicine. For informations: Congress Secretariat, 6th Congress of the International Society for Laser Surgery and Medicine, P.O. Box 50006, Tel Aviv 61500, Israel.
